

1/6-10 Blaxland Street  
East Maitland NSW 2323  
PH: 49333093

Australia has one of the highest rates of skin cancers. About 2 in 3 Australians will be diagnosed with some form of skin cancer before the age of 70.

There are several types of skin cancers amongst them Melanoma being the most serious.

It is therefore very important you have your skin checked regularly by someone who has experience and expertise in diagnosing and managing skin cancers.

At Hunter Valley Skin Cancer Clinic our doctors have the qualifications and experience in managing skin cancers.

### **OUR DOCTORS:**
